

**Subject** - Pitch your organisation's capability for the Green Deal Call topics related to energy

Dear Sir/Madam

On behalf of the C-Energy 2020 project (<http://www.c-energy2020.eu/>) I would like to invite you to an online brokerage session for the recently published Green Deal Call (deadline 26 January 2021).

The [Green Deal Call](#) will fund large scale demonstration projects in the fields of Clean, Affordable and Secure Energy (Area 2) and Energy and Resource Efficient Buildings (Area 4), see below for Call topic list. Only a small number of large projects will be funded.

**The online brokerage will take place on Wednesday 21 October from 14.00 to 15.30 CEST. It is free to attend.**

**It is an opportunity to advertise your relevant capability to proposal coordinators. This event is aimed at SMEs with specialisms that are relevant to the Call topics.**

The purpose of the online brokerage is to:

- Present a brief overview of the Call topics
- Give organisations an opportunity to find partners through a 3 minute pitch (template will be provided)

The registration form can be found at <https://www.surveymonkey.co.uk/r/C-energybrokerage2020>

If you are interested in delivering a pitch, please select the "pitch" option on the registration form. Pitches will be allocated to those with a proposal idea first and then to those seeking to present their organisation as a potential partner. Those wishing to attend to hear the pitches should select the "listen" option on the registration page. The event will be recorded.

The template for the pitch will be sent to those registering to deliver a pitch. It must be completed and submitted to the organiser by **17.00 CEST on Monday 19 October** at the latest.

Should you have any questions or require any further information please do not hesitate to contact me at [mail@euenergyfocus.co.uk](mailto:mail@euenergyfocus.co.uk)

Best regards

Helen

UK National Contact Point for Horizon 2020 Energy

Please note that the information you provide in the registration form will be shared with the National Contact Point for your country, their details can be found at <http://www.c-energy2020.eu/find-your-ncp/>
